25<sup>th</sup> September 2024

Dear Parents and Carers,

We are very pleased to have been able to organise an exciting opportunity for years 5 and 6 on Tuesday 22<sup>nd</sup> October 2024 as part of our science topic on Earth and space. We are proud to invite the fantastic Wonder Dome to Watton Junior School.

This is an immersive 360° planetarium experience that will bring our topic alive for the children. Once sat inside the impressive dome, the children will be transported into the depths of outer space! The incredible show provides a greater understanding and appreciation of our position in the Universe. From introducing the children to the sheer scale of the Universe, to demonstrating how the Moon moves through its phases. The presenters are all skilled in simplifying the most complex of concepts and this will really enhance the work and knowledge being gained in class.

We are extremely fortunate to bring this opportunity to years 5 and 6 at just £4 per child.

We ask that all contributions to the experience be paid by Thursday 17<sup>th</sup> October through the Parent Pay app. This is a voluntary contribution, however the experience will not be able to go ahead if we do not raise enough money.

Yours sincerely,

Mr Smith
