

Watton Westfield Infant and Nursery School is proudly recognised as an Inclusive Attendance school. Our unwavering commitment to attendance centres around child-centric actions, evidence-informed practices, and a shared understanding of everyone's roles and collective responsibilities to promote exceptional attendance.

Inclusive Attendance Professional Development Model

Our attendance approach is fundamentally guided by the Inclusive Attendance professional development model. Comprising six tailored Learning Modules, this model empowers us to deepen our understanding by facilitating continuous professional learning for all staff. Within this model, the four domains of practice ensure the provision of professional learning, professional development, evidence-based practices, and exemplary leadership and management to seamlessly integrate theory into practice.

Annual Inclusive Attendance 7-Month Development Programme

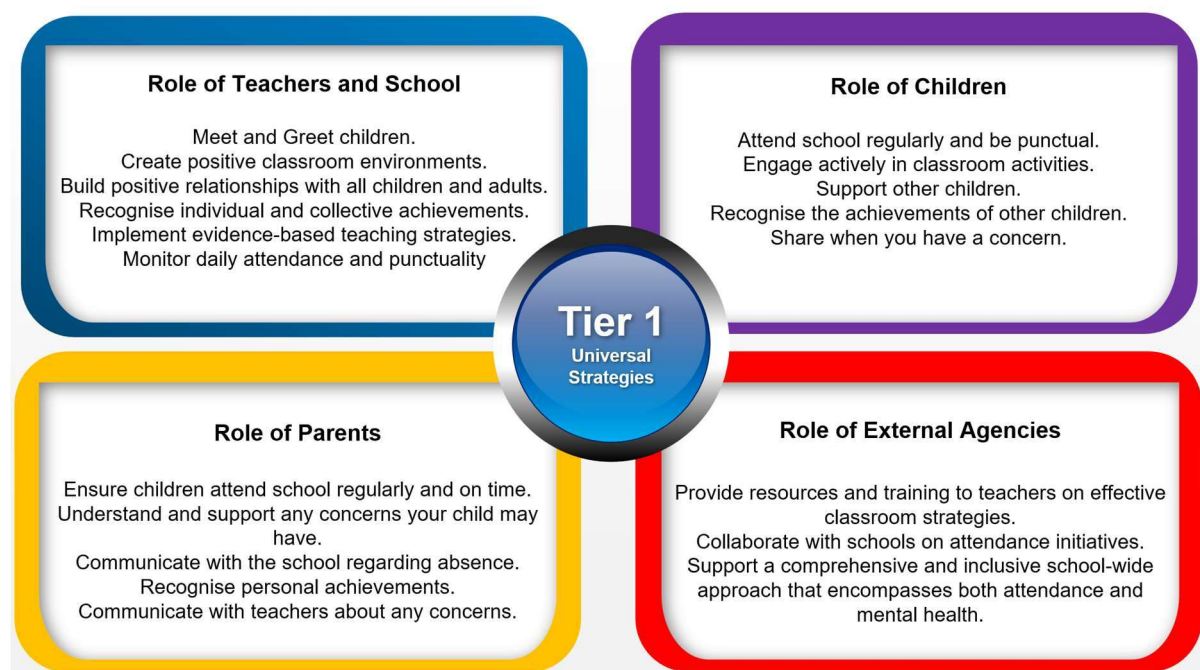

Year after year, we review and further enhance our attendance practices through dedicated participation in the Inclusive Attendance 7-month development programme. This investment allows us to remain at the forefront of educational change and extends unparalleled support to our children and their families, equipping them with access to the finest possible assistance.

Multi-Tiered System of Support

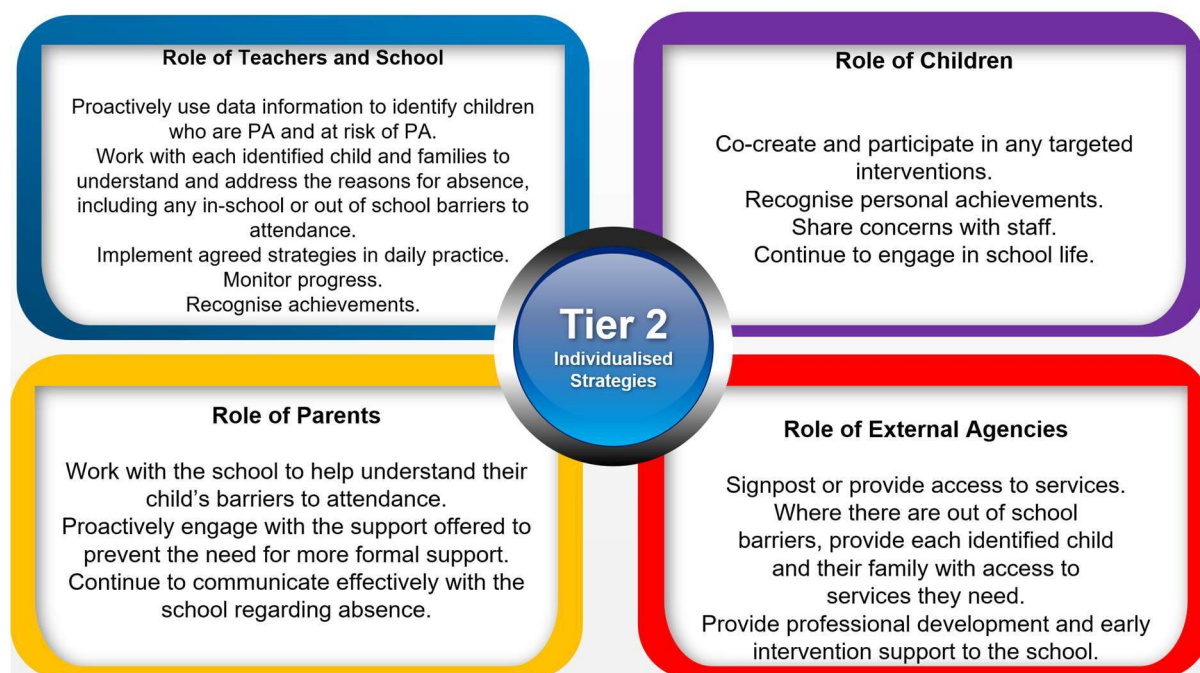

To guarantee a comprehensive approach to attendance, we implement a Multi-Tiered System of Support. A Multi-Tiered System of Support (MTSS) for school attendance involves three tiers of intervention, with roles for teachers, the school, children, parents, and external agencies – including the Local Authority. Data-driven decision-making and training requirements are pivotal to the implementation of the system. The system aligns with the Department for Education's (DFE) "Working Together to Improve School Attendance" guidelines.

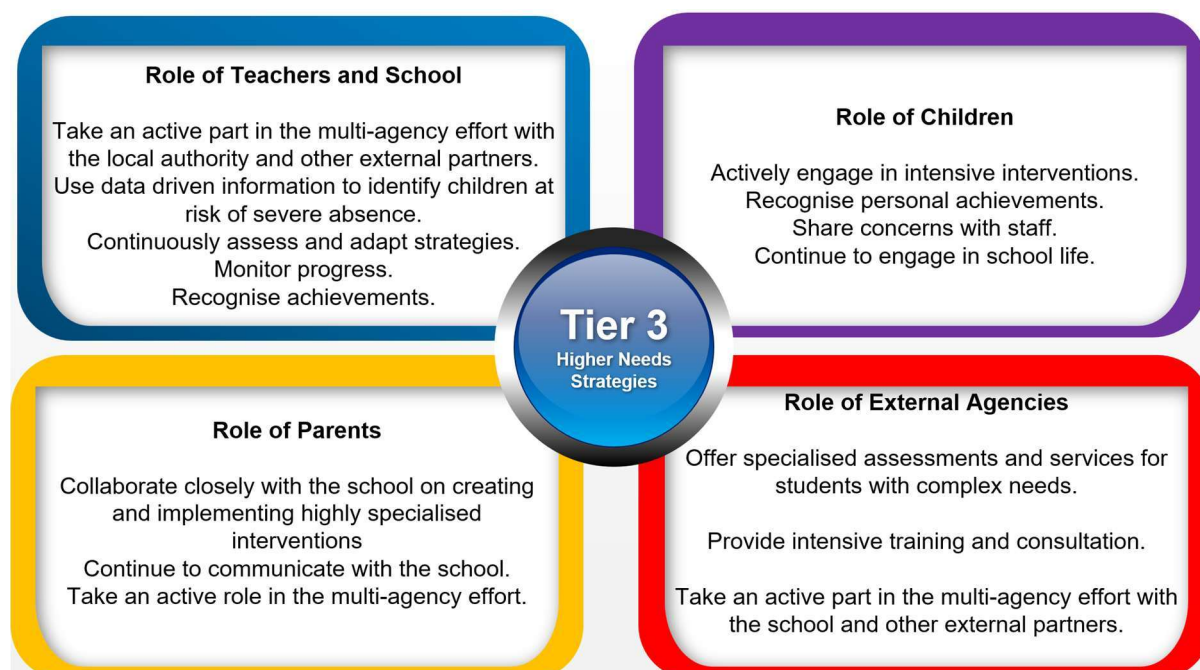

Tier 1 - Universal Approach: Establishing a baseline universal attendance approach that benefits all children.

Tier 2 - Individualised Strategies and Early Help Support: Tailoring strategies to individual needs and providing early help support for persistent attendance challenges.

Tier 3 - Higher Needs Strategies Support: Furnishing specialised support for children, young people, and families with complex attendance requirements, including access to external agency support when necessary.

Recognition-Based Approach

Our attendance philosophy is rooted in a recognition-based approach that recognises both personal and collective achievements. This approach serves to thwart isolation, prevent victimisation, cultivate positive environments, nurture relationships, foster inclusivity, and ultimately cultivate intrinsic motivation among our children, families, and staff. At Watton Westfield we aim for inclusive attendance, rather than exclusive attendance, celebrating the children's unique attendance goals. We have moved away from celebrating attendance percentages in assemblies and instead celebrate whole class attendance achievements that have been recognised by the class teacher. Classes have unique to them incentives that they can access when we celebrate their attendance successes. We celebrate whole school achievements in attendance with social media posts, encouraging parents and children to be proud of their attendance. A termly reward for improved attendance as a whole school is also a positive reinforcement for our children that we all work together to achieve our goals.

The Importance of School Attendance

School attendance is not merely a requirement but a fundamental pillar of education. It plays a pivotal role in shaping academic success, personal growth, and future prospects, making it an indispensable aspect of any educational system.

- *Academic Achievement:* Regular attendance directly correlates with academic success. Children who attend school consistently are more likely to keep up with the curriculum, perform better in exams, and improve their life outcomes.
- *Knowledge Acquisition:* School is where children acquire knowledge and skills that are crucial for their personal and professional growth. Missing days means missing out on valuable learning opportunities.
- *Social Development:* School provides a vital social environment for children and adolescents to interact with peers, develop friendships, and learn essential social skills. Consistent attendance ensures children remain connected to their peer group.
- *Building Routine:* School attendance establishes a structured routine in children's lives, teaching them time management and responsibility, which are valuable life skills.
- *Teacher Interaction:* Regular attendance allows for meaningful teacher-child interactions. Teachers can provide personalised support, address questions, and assess individual progress more effectively when children attend regularly.
- *Preventing Knowledge Gaps:* Frequent absences can lead to significant knowledge gaps, making it challenging for children to catch up with missed lessons, potentially resulting in long-term academic struggles.
- *School Engagement:* Children who attend school regularly are more likely to engage in extracurricular activities, sports, and other enriching experiences that contribute to their overall development.
- *Legal and Parental Responsibility:* Parents or guardians are legally responsible for ensuring their child's regular school attendance. Failing to do so can lead to legal consequences.
